

Screw/Auger Conveyors

***Effective Machine Tool Chip
Removal In Restricted Space
Applications***

APPLICATIONS:

For removal of small chips from machine tools when space requirements prohibit the use of piano hinged belt conveyors.

Used only in small or fine chip applications.

FEATURES:

- Centerless screw design
- Perforations to allow coolant drainage
- Low profile design
- Compact drive unit
- Can be integrated with piano hinged belt conveyor as shown
- Compact and easily adapted to congested locations
- Can be mounted horizontally or at an incline
